**Optional: Information about gender, ethnicity and race.** The NIH asks that grant recipient institutions provide gender, racial and ethnic background information as part of the grant reporting process. We are requesting this information from you with the understanding that you have the option to provide it or not. Whether or not you choose to provide this information will **in no way** affect your evaluation or potential selection for a traineeship. Use below NIH categories for Race and Ethnicity.

**Ethnic Categories:** **1) Hispanic or Latino:** A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. The term, "Spanish origin," can be used in addition to "Hispanic or Latino." **2) Not Hispanic or Latino**

**Racial Categories:** **1) American Indian or Alaska Native:** A person having origins in any of the original peoples of North, Central, or South America, and who maintains tribal affiliation or community attachment. **2) Asian:** A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam. (Note: Individuals from the Philippine Islands have been recorded as Pacific Islanders in previous data collection strategies.) **3) Black or African American:** A person having origins in any of the black racial groups of Africa. Terms such as "Haitian" or "Negro" can be used in addition to "Black or African American." **4) Native Hawaiian or Other Pacific Islander:** A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands. **5) White:** A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.
